Dear City Clerk'S Office:

Our investigation has established that the above loss was caused by your negligence or someone employed by you. It has been determined that you are responsible for all or part of the material damage, bodily injury, property damage, medical, and/or related expense payments paid on our insured's behalf. The current amount we have paid on our insured's behalf may increase or decrease due to additional bodily injury, property damage, medical and/or other related expense payments. You have a right to receive copies of documents verifying our right to claim reimbursement from you of the amount we have paid on behalf of our insured. If you would like copies of these documents please let me know.

Be advised that no partial payment, which is less than the full amount, will be considered in any way an acceptance of benefits, a novation or an accord and satisfaction of this claim without the express written release of our claim executed by an individual who identifies himself/herself as a member of our subrogation department. Therefore, our legal rights to enforce collection on the remaining amount of the claim shall not be waived or estopped due to a partial payment by you.

These allowances illustrate factors that influence the settlement amount when compared to a typical vehicle. The typical vehicle is a vehicle of the same year, make, and model as the loss vehicle, including average mileage, and all standard and predominant equipment.

In cases where a standard or predominant option is superceded by a replacement or upgrade, a corresponding addition will appear for the option to reflect this.

The vehicle valuation allowances also reflect proper deductions for all standard or predominant equipment not present on the loss vehicle.

These allowances are illustrative only. The actual Local Market Value is calculated entirely from comparable vehicles with adjustments to reflect the loss vehicle configuration.

- * Precision of the data (inspected versus advertised)

Valuation request: 50567064 (continued) 2013 FORD F150 4X4 SUPERCREW X

===== Valuation Methodology. =====
This CCC Valuescope Market Report was prepared for Farmers Insurance Company of Arizona by CCC Information Services Inc. CCC has been preparing market reports for the insurance industry since 1981. CCC physically inspects vehicles for sale at vehicle dealerships in the local markets, and subscribes to local newspapers and automotive publications in these markets. CCC maintains vehicle databases containing these inspected dealership vehicles

along with the dealer and private party advertised vehicle information.

When Farmers Insurance Company of Arizona requests a CCC Valuescope Market Report from CCC, they provide CCC the VIN (Vehicle Identification Number) of the loss vehicle. Decoding this VIN identifies the exact vehicle for which the local market value will be done. See the VINGuard Vehicle Identification section.

Farmers Insurance Company of Arizona also provides CCC the vehicle owner's Zip code. This identifies the local market that will be used to determine the market value. See the Local Market Definition section.

Finally, Farmers Insurance Company of Arizona provides CCC with the configuration of the loss vehicle including equipment, odometer, condition, maintenance, etc. This information is the starting point for determining the local market value.

The Local Market Value is the value of the loss vehicle, and includes condition, mileage, packages, and all equipment. The method used to determine the Local Market Value on current year vehicles involves finding new vehicles for sale at the time of the valuation. After the Adjusted Value for each comparable vehicle is calculated, the Local Market Value is determined.
